Perfume Vending Machine Operator Manual

Operator Guide

Operator Responsibilities

Your operator's main duties at the Myst dashboard and the following:

- **Restock Perfume Bottles:** Regularly check and replace perfume bottles with fresh 250 ml bottles to ensure availability.
- **Monitor Perfume Levels:** Use the software dashboard to monitor the levels of each fragrance and refill when low.
- **Collect Payments:** Maintain records of UPI payments collected, keeping track of total revenue and transaction history via the dashboard.
- **Maintain Cleanliness:** Keep the machine clean and free of obstructions. Wipe the exterior regularly and ensure the nozzle is not clogged.

Dashboard Control Overview

Your operator access to the software dashboard as integral per spray:

- Set Pricing: Adjust the price per spray for each fragrance.
- Manage Content: Upload or update fragrance names, images, and descriptions shown on the touchscreen.
- **Adjust Sprays:** Set the number of sprays dispensed per payment and duration of each spray.
- **Monitor Sales:** Track revenue, payment transactions, and perfume levels in real-time.

ⓘ Refer to the software manual for detailed instructions on using the dashboard.

User Guide

Step-by-Step Usage Flow

1. **Select Fragrance:** Touch the screen to choose your desired perfume sample from the available options,
2. **Scan QR Code:** The machine will display a QR code for UPI payment. Scan this QR code using any UPI-compatible app like Google Pay, PhonePe, Paytm, etc.
3. **Make Payment:** Enter the specified amount and complete the payment through your UPI app.
4. **Receive Perfume:** After successful payment, the corresponding light on the selected fragrance button will blink. The machine will dispense a spray of the chosen perfume.

QR Code Payment Instructions

- Ensure your smartphone has internet connectivity to scan and pay using the QR code.
- Open your preferred UPI app and scan the QR code displayed on the vending machine.
- Confirm the payment amount and proceed with the payment.
- Once the payment is successful, wait for the machine to dispense the perfume spray.

Payment Confirmation & Perfume Dispense

- Upon successful payment, the LED light next to the selected fragrance will blink to indicate the machine is ready to dispense the perfume.
- A spray of the selected perfume will be dispensed after a brief moment, delivering a single spray of the chosen fragrance for the user to enjoy.
